<b>Application for Permit to Import                  GM Plant/Plant Products                  For Contained Use</b>
---

\_\_\_\_\_ (Date)

The Director  
 Bureau of Plant Industry

Sir:

We –

Information	Applicant	Responsible Officer (RO)	Representative of RO (if applicable)
Name			
Address			
Tel. No.			
Fax No.			
Email Address			

hereby request for issuance of Permit to Import for Contained Use for the genetically modified (GM) plant/plant product described below.

Designation	Regulated Article	Donor Organism	Host Organism	Vector or Vector Agent	Constituents of the Regulated Article
Common Name					
Scientific Name					
Trade Name					
Other Designations					

Entity(ies) Who Developed/ Supplied Regulated Article	Entity # 1	Entity # 2	Entity # 3 (Use another sheet as necessary)
Name			
Address			
Tel. No.			
Fax No.			
Email Address			

Country of Origin	
Quantity	
Flight/Voyage No	
By Whom	
Port of Entry	
Proposed Schedule	

**Annex A: Application to Import for Contained Use**

Biological Materials Accompanying the Regulated Article during Movement (where appropriate)	
Location of Physical Containment Facility	
Intermediate Destinations (if any)	

\_\_\_\_\_  
 \*Attachment: NCBP Letter of Endorsement.             Yes  
     No

The undersigned certifies that based on his/her personal knowledge and/or authentic documents: (i) all the information in this application are true and correct; and (ii) this application contains all information and views on which to base a decision and includes relevant data and information known to the applicant which are unfavorable to the application. The undersigned likewise warrants that the Regulated Article is to be imported solely and exclusively for use in research and development under contained conditions.

\* The following supporting documents are attached:

1. NCBP certification, if the Regulated Article to be used for field testing was developed in the Philippines. ()
2. Proposed Public Information Sheet for Field Testing ()
3. Technical dossier, which must include the following:
  - a. Molecular biology of systems used/to be used to produce Regulated Article ()
  - b. Anticipated/actual expression of altered genetic material in the Regulated Article, and how this expression differs from that of non-GM parental organisms ()
  - c. Data/other information on genetic stability of the introduced gene material ()
  - d. Biological materials accompanying the Regulated Article during movement (where appropriate) ()
  - e. Proposed experimental or production design ()
  - f. Description of field testing site/s ()
  - g. Proposed procedures, processes & safeguards to prevent escape & dissemination of Regulated Article from intended field testing site/s ()
  - h. Proposed method of final disposition ()
  - i. Any information known to applicant that Regulated Article may pose greater risk to human health and environment than unmodified host organism ()

[REQUIRED ADDITIONAL INFORMATION AND DOCUMENTS FOR IMPORTATION OF REGULATED ARTICLE]

<b>Application for Permit to Import GM Plant/Plant Products for Field Testing</b>
---

Country of Origin	
Quantity	
Flight/Voyage No.	
Port of Entry
