Project Name: Philippine Rural Development Program (PRDP)

(Loan/Grant)

COVERAGE

Nationwide

IMPLEMENTING AGENCY

Department of Agriculture

PARTNER AGENCY

Local Government Units

FUNDING SOURCE

World Bank and Global Environment Facility (GEF)

PROJECT DURATION

2014 - 2020

PROJECT DESCRIPTION

PRDP is a six-year project designed to establish the government platform for a modern, climate-smart and market-oriented agri- fishery sector. The project aims to raise agricultural and fisheries productivity and incomes through improving food security, access to climate resilient infrastructure and livelihood expanding the natural/coastal resource and production base of the country, and reducing biodiversity loss, considering climate change vulnerabilities of identified project areas.
