

25 APRIL 2014

**ADMINISTRATIVE CIRCULAR**

**NO. 02**

**SERIES OF 2014**

**SUBJECT: RULES AND REGULATIONS GOVERNING THE IMPORTATION OF FRESH VEGETABLES (CELERY, LETTUCE AND CRUCIFERS) FROM THE UNITED STATES OF AMERICA (USA)**

**WHEREAS**, the United States of America (USA) submitted a market access request for vegetables (celery, lettuce and crucifers) for consumption into the Philippines;

**WHEREAS**, the World Trade Organization (WTO) Agreement on the Application of Sanitary and Phytosanitary Measures (SPS) and the FAO International Plant Protection Convention (IPPC) reaffirms the sovereign right of the country to institute appropriate measures deemed necessary to protect human, plant, and animal life and health, provided that such measures do not unnecessarily restrict trade;

**WHEREAS**, the Pest Risk Analysis (PRA) for these fresh vegetables (celery, lettuce and crucifers) was conducted and completed in accordance with the IPPC International Standard for Phytosanitary Measures (ISPM) No.11, which took into account evaluation of the biological or other scientific and economic evidence to determine whether a pest should be regulated and whether phytosanitary measures should be taken against it;

**WHEREAS**, the main objective is to determine the potential risk of introducing quarantine pests of vegetables from the US and identify the management measures to address the risk for the protection of agricultural crops and based on the completed PRA, a combination of systems approach and quarantine treatments shall be applied for these imported fresh vegetables (celery, lettuce and crucifers) from the USA;

**WHEREAS**, the Plant Quarantine Service (PQS) of the Bureau of Plant Industry (BPI) by virtue of Presidential Decree No. 1433, otherwise known as the "Plant Quarantine Law of 1978", as revised by the Administrative Code of 1987, has the primary function of preventing the entry of foreign pests into the country and the further spread of these pests already introduced to places where they are not known to exist;

**NOW, THEREFORE, I, PROCESO J. ALCALA**, Secretary of the Department of Agriculture, by the powers vested in me by law, do hereby issue this Administrative Circular providing rules and guidelines governing the importation of fresh vegetables (celery, lettuce and crucifers) from the United States of America (USA) to the Philippines.

## ARTICLE I DEFINITION OF TERMS, ACRONYMS AND SCOPE

### Section 1. Definition of Terms

- a. Additional Declaration - a statement required by the BPI-PQS to be indicated on a Phytosanitary Certificate (PC), which provides specific additional information pertinent to the consignment.
- b. Consignment - a specific quantity of fresh vegetables (celery, lettuce and crucifers) from the USA to the Philippines covered by a single PC
- c. Disease tolerance - certification rules which make provisions to allow the presence of certain diseases at levels sufficiently low to preclude significant effect on the value of the product.
- d. Pest Risk Analysis - the process of evaluating biological or other scientific and economic evidence to determine whether an organism is a pest, whether it should be regulated, and the strength of any phytosanitary measures to be taken against it [FAO, 1995; revised IPPC, 1997; ISPM No. 2, 2007]
- e. Phytosanitary Certificate - Certificate patterned after the model certificates of the IPPC [FAO, 1990; ISPM No. 5, 2006]
- f. Phytosanitary Certification - use of phytosanitary procedure leading to the issuance of a Phytosanitary Certificate [FAO, 1990; ISPM No. 5, 2006]
- g. Phytosanitary Measure - any legislation, regulation or official procedure having the purpose to prevent the introduction and/or spread of quarantine pests, or to limit the economic impact of regulated non-quarantine pests.[FAO, 1990; ISPM No. 5, 2006]
- h. Plant Quarantine Clearance (Import Permit) - official document issued by the BPI authorizing importation of a commodity into the Philippines in accordance with specified phytosanitary import requirements.

### Section 2. Acronyms:

<b>APHIS</b>	-	Animal Plant Health Inspection Service
<b>BPI</b>	-	Bureau of Plant Industry (the NPPO of the Philippines)
<b>CABI</b>	-	CAB International (Crop Protection Compendium)
<b>CDFA</b>	-	California Department of Food and Agriculture
<b>FAO</b>	-	Food and Agriculture Organization

<b>IPPC</b>	-	International Plant Protection Convention
<b>ISPM</b>	-	International Standards for Phytosanitary Measures
<b>NPPO</b>	-	National Plant Protection Organization
<b>PC</b>	-	Phytosanitary Certificate
<b>PPQ</b>	-	Plant Protection and Quarantine
<b>PQC</b>	-	Plant Quarantine Clearance
<b>PQO</b>	-	Plant Quarantine Officer
<b>PQS</b>	-	Plant Quarantine Service
<b>PRA</b>	-	Pest Risk Analysis
<b>SPS</b>	-	Sanitary and Phytosanitary
<b>USA</b>	-	United States of America
<b>USDA</b>	-	United States Department of Agriculture
<b>WTO</b>	-	World Trade Organization

Section 3. Scope - This circular shall govern the importation of fresh vegetables (celery, lettuce and crucifers) from the USA used for human consumption.

## **ARTICLE II**

### **IMPORTER ACCREDITATION GUIDELINES AND PROCEDURES**

The following guidelines and procedures shall be implemented in the accreditation of the importers of fresh vegetables (celery, lettuce and crucifers) (see Annex I).

- a. Application for Accreditation – The accomplished Application for Accreditation and Accreditation Validation Form, together with pertinent documents enumerated hereunder shall be submitted to the BPI-PQS Central Office for the initial verification and evaluation of application. Pertinent documents should consist the following:
  - i. Company Profile (for first-time applicants only);

- ii. Department of Trade and Industry (DTI) Registration/Security and Exchange Commission (SEC) Registration/Cooperative Development Authority (CDA) Certificate of Registration;
  - iii. Current Mayor's Business Permit (as importer);
  - iv. Bureau of Customs - Customs Accreditation Secretariat (BOC-CAS) - Certificate of Accreditation;
  - v. Valid Contract/Certificate of Lease of Storage Facility (Cold Storage/Warehouse). Those who owned the facility, submit title of land ownership and notarized affidavit of facility ownership installed in the area;
  - vi. Location map of the storage facility;
  - vii. Notarized Special Power of Attorney (SPA) of the representative(s); and
  - viii. Two (2) 2X2 ID pictures of the owner and representative(s).
- b. Importer's Orientation - The company owner with his authorized representative(s) shall be oriented on the Plant Quarantine laws (PQ laws) and regulations, allowable plants/plant products that can be imported in the Philippines, procedures (process flow) of issuance of Plant Quarantine Clearance (PQC), possible sanctions for violations, and other concerns with regards to the importation of fresh vegetables (celery, lettuce & crucifers).

Orientation will be carried-out by the Chief of PQS or his assigned technical staff.

- c. Facility Inspection - The Plant Quarantine (PQ) Officer/Inspector will conduct ocular inspection of the applicant's office and storage facility following the guidelines for facility inspection procedures set by BPI-PQS (see Annex II).
- d. Approval and Issuance of Accreditation - After the applicant has complied with all the requirements for accreditation, the application will be recommended for approval.

The BPI-PQS shall then issue a Certificate of Accreditation duly signed by the BPI Director upon recommendation of the PQS Chief.

### **ARTICLE III APPLICATION FOR AND ISSUANCE OF PLANT QUARANTINE CLEARANCE**

- A. Any BPI-accredited fresh vegetables (celery, lettuce and crucifers) importer who desires to import from the United States of America must secure an SPS Import Clearance from the BPI (Annex III).

- B. The application form can be secured from and submitted electronically to BPI-PQS with the following attached documents:
1. Pro-forma invoice;
  2. Certification of Genetically Modified content;
  3. Other commodity specific requirements, including permits/clearances from other agencies.
- C. The application shall undergo automated validation for compliance to the submission of mandatory data, and manual review for compliance to the requirements and attached documents. It shall be placed "under review" status. If the application is sufficient in form and substance, the reviewer shall endorse it to the PQS Chief. If it is incomplete or is not in the official format, the application shall be rejected and the applicant shall be informed accordingly of the reason why it was rejected.
- D. If the PQS Chief found the application sufficient in form and substance it shall be forwarded to the BPI Director.
- E. The BPI Director approves the application and the applicant can view and print the approved SPS Import Clearance. The application shall only be approved and issued a SPS Import Clearance by BPI-PQS upon determination of the following:
1. Latest advisory of the relevant international bodies and/or the United States of America (USA) pertaining to the pest status of the source areas;
  2. The applicant importer is accredited by BPI-PQS;
  3. The applicable risk management protocols that are to be prescribed including certifications of exporting governments.

#### **Article IV**

#### **VALIDITY AND NON-TRANSFERABILITY OF THE PQC**

- A. Validity of the PQC:
1. The SPS Clearance shall be valid for a period of two (2) months. This validity shall be indicated in the PQC unless revoked for any of the grounds set forth in Article VIII. Consignment of fresh vegetables (celery, lettuce and crucifers) has to be loaded at the port in the USA after the issuance of the PQC.
  2. The date of loading at the port in the USA as specified in the Bill of Lading shall not be earlier than the date of issuance of the PQC, otherwise the consignment shall be subjected to a prescribed commodity treatment or returned to the country of origin or destroyed at the Port of Entry, and all

fees, charges and other expenses relative to such quarantine action shall be borne by the importer (pursuant to Section 14 of PD 1433).

**B. Non-Transferability of the PQC**

The PQC is non-transferable and shall only be used by the person/company whose name appears in the PQC.

**Article V  
FEES AND CHARGES**

An accreditation fee shall be collected upon release of Certificate of Accreditation in the amount of Php 5,000.00. Yearly renewal shall also be subjected to a processing fee of Php 3,000.00.

Other relevant fees shall be imposed as necessary pursuant to DA Administrative Order No. 01 Series of 2001, DA Administrative Order No. 12 and 26 Series of 2004.

**Article VI  
REQUIREMENTS AND CONDITIONS ON  
PRE-EXPORT QUARANTINE INSPECTION**

All shipments of vegetables (celery, lettuce and crucifers) from the US shall be covered by Plant Quarantine SPS Import Clearance, which should be secured prior to importation.

**A. Source Areas, Production and Certification**

1. Fresh vegetables (celery, lettuce and crucifers) from the USA must be certified in accordance with the requirements of the US Fresh Vegetables Export Program
2. Fresh vegetables (celery, lettuce and crucifers) intended for export to the Philippines from the USA shall be sourced only from the States of California and Arizona.

**B. Sorting, Cleaning and Packing**

1. Fresh vegetables (celery, lettuce and crucifers) intended for export to the Philippines shall be sorted, cleaned/washed in chlorinated water and pre-cooled (if needed).
2. Fresh vegetables (broccoli, cabbage, cauliflower, celery, lettuce) shall be packed only in new and clean packing containers. These bags shall then be placed inside carton boxes.

**C. Pre-Export Quarantine Inspection**

1. Prior to sealing of the carton boxes, the Inspectors shall conduct 1% random inspection of the consignment for external and internal signs and symptoms of quarantine pests of concern to the Philippines.
2. The Inspector shall ensure that the consignment is free from quarantine pests before a PC can be issued for the shipment.

D. Sealing and Labeling of Carton Boxes

If the consignment satisfactorily passes the inspection, each carton box shall be sealed and labeled with the following information conspicuously displayed on the two sides of the box:

1. "FORTH PHILIPPINES";
2. Each plastic bag/carton boxes shall be affixed with information label, which include: county or district of origin and the individual shipper/grower.

E. Storage

Packed fresh vegetables (celery, lettuce & crucifers) shall be placed in a cold storage facility with appropriate temperature required for vegetables. The facility should be clean and free from any pest.

F. Loading of Consignment and Sealing of Reefer Vans

1. Packed vegetables shall be immediately loaded in clean reefer vans and transported as soon as possible.
2. The commodity shall be transported under appropriate cold storage temperature.
3. The vans shall be closed and sealed before transport.

G. Phytosanitary Certification

1. An original Phytosanitary Certificate (PC) shall be issued by the USDA-APHIS or County Officer for each consignment that satisfactorily passed the pre-export quarantine inspection. Integral to the PC is an additional declaration stating the following information:
  1. "This shipment is covered by Plant Quarantine SPS Import Clearance no. \_\_\_\_"
  2. Container/conveyance and seal number \_\_\_\_
  3. The Phytosanitary Certificate shall bear the following additional declaration:

*"Fresh \_\_\_\_ (celery, lettuce and crucifers) in this consignment were produced in the United States of America in accordance with the conditions governing entry of \_\_\_\_ for consumption into the Philippines and inspected and found to be free of pest of quarantine concern to the Philippines."*

## Article VII ENTRY AND POST-ENTRY INSPECTION

- A. Forty-eight (48) hours prior to arrival of a consignment at the port of entry, the importer or his authorized representative shall notify the concerned PQO by completely filling out Application for Inspection (Annex IV).
- B. Upon arrival, the consignment shall be subjected to the following inspection requirements:
1. Documentation Check

Original PQC, original PC issued by USDA-APHIS, bill of lading and invoice must be presented and surrendered to the PQO at the port of entry.

For any fresh vegetables (celery, lettuce and crucifers) consignment with incomplete documentation, importers will be allowed time to locate/secure sufficient duplicate or reissued documents before entry of the consignment is refused. For shipments that are refused for lack of documentation, the importer shall be given the options of re-export of the whole shipment to the United States or another country, or destruction of the consignment at the importer's expense.

2. On-arrival Quarantine Inspection
  - a. Upon arrival of the shipment at the port of entry, the PQO, together with the BOC examiner at the port shall conduct routine inspection and examination of the consignment at the BOC designated examination area.
  - b. A sample size of 10% of the consignment shall be inspected visually by the PQO for quarantine pests. The inspection shall include the packaging material of the fresh vegetables.
  - c. If the fresh vegetables (celery, lettuce and crucifers) arrived in any port of entry in Metro Manila, the collection of such samples shall be the responsibility of the PQS station having jurisdiction over the port of entry. Consignments showing symptoms of pest infection/infestation or presence of pest shall be forwarded to the nearest BPI-Plant Quarantine Laboratory or BPI-recognized laboratory for diagnosis and pest identification.
  - d. If the Philippine quarantine pests of concern are found or exceed the acceptable tolerance levels during import inspection, the infested consignment shall be either treated, if an effective treatment is available, returned or destroyed at the importer's expense. The BPI-PQS will notify USDA-APHIS of the noncompliance and, depending on the circumstances, may temporarily suspend importation from that lot, farm, or province.
  - e. The USDA-APHIS shall immediately investigate the cause of such incidence and propose corrective actions. Suspension of imports will be lifted when the

cause of non-compliance has been clarified and corrective actions have been implemented to the satisfaction of BPI-PQS.

- f. Repeated interception of quarantine pest may cause a review or suspension of the Import program as agreed through discussion by the US, NPPOs (refer to Section 3 of Article VIII). Audit of the export program shall be conducted at the expense of the exporting country.

## **Article VIII PENALTIES AND SANCTIONS**

### **Section 1. Suspension/Revocation of PQ SPS Import Clearance:**

- A. The PQ SPS Import Clearance may be suspended or revoked at any time for any of the following grounds:
1. Providing false information in the application for import inspection form or in any of the accompanying documents to the application;
  2. Misdeclaration of consignment;
  3. Violation of relevant SPS rules and regulations or any conditions imposed in the PQ SPS Import Clearance;
  4. Refusal to allow the inspection of the commodity, physical containment facility or intermediate destination of the product;
  5. Accreditation of the exporter has been suspended or revoked; or
  6. New technical information becomes available to the BPI indicating that the fresh vegetables (celery, lettuce and crucifers) if allowed for its intended use will result to risks to human, animal or plant health or life and the environment.
- B. Revocation or cancellation of the PQ SPS Import Clearance shall be without prejudice to being further subjected to penalties.

### **Section 2. Confiscation and Disposal:**

- A. If the border inspection shows that:
- The fresh vegetables (celery, lettuce and crucifers) are found to be infested/infected with quarantine pests;
  - The consignment is contaminated, misbranded, misdeclared, or in violation of the terms and conditions embodied in the PQ SPS Import Clearance; this

Administrative Circular; and other sanitary and/or phytosanitary regulations;

- The consignment arrived without the required documentation; or
- Fake documents have been presented

The PQS shall inform the BOC of the violations and the consignment shall be disposed of in any of the following manner:

1. Confiscated and destroyed
2. Returned to the country of origin
3. Shipped to a third country, where possible

In no case shall a confiscated consignment be auctioned, redeemed, donated or sold by any government bureau or agency.

- B. Notice of Confiscation shall be issued to the importer stating the reason/s for the confiscation. Three (3) copies of the said Notice shall be issued as follows: one (1) copy shall be given to the BOC; one (1) copy to the importer and one (1) copy shall be retained by the PQS.

Further, the notice shall provide indicative date of condemnation and disposal of the product.

- C. All expenses (including travel, per diem or subsistence, and overtime pay) of officers or employees of the Philippine government in connection with the destruction or disposition of the seized fresh vegetables and all expenses in connection with the storage, cargo or labor with respect to the refusal for admission shall be paid by the importer.
- D. The importer concerned shall then be blacklisted from the list of accredited importers.
- E. The impounding or seizure shall not be a bar to subsequent prosecution in the court of the person/s concerned in accordance with law.

### Section 3. Suspension of Fresh Vegetables Importation:

- A. In case of non-compliance with the requirements and conditions of this AC, quarantine pest interceptions at the port of entry, and/or pest outbreak at the source, the BPI reserves the right to suspend the fresh vegetables importation.
- B. In the event of suspension of import, BPI-PQS may audit export certification procedures in the United States prior to a decision being taken on resumption of import. Where BPI-PQS has determined that such audits are necessary, the costs

of these audits must be borne by the exporting country. The program shall resume only when the BPI and USDA-APHIS have mutually agreed on and instituted the necessary corrective actions to comply with the requirements and conditions of this AC.

#### Section 4. Other Penalties:

The existing laws and rules and regulations of the BPI prescribing the violations and corresponding penalties shall be applied and imposed.

#### Section 5. Notification:

The Department of Agriculture through the BPI shall immediately notify the USDA-APHIS in writing, through the US Embassy in Manila, of any detection or interception of quarantine pests in the shipment and non-compliance with the requirements and conditions of this AC.

### Article IX REPEALING CLAUSE

All existing administrative orders, rules and regulations or parts thereof, which are inconsistent with the provisions of this Circular are hereby repealed or modified accordingly.

### Article X SEPARABILITY CLAUSE

If any portion of this Circular is declared unconstitutional or invalid, the other portions thereof which are not affected thereby shall continue to be in full force and effect.

### Article XI EFFECTIVITY

This Circular shall take effect fifteen (15) days after its publication in two (2) newspapers of general circulation.

#### RECOMMENDING APPROVAL:

**CLARITO M. BARRON, PhD, CESO IV**  
Director, Bureau of Plant Industry

#### APPROVED:

## ANNEX I Importer Accreditation Guidelines and Procedures

### Applicant to Submit the Following Legal Documents for Accreditation

Application for Accreditation (notarized)

**\*\* applicant should be qualified to apply**

Company Profile

DTI/SEC /CDA Registration

SPA of representative/s (maximum: 3 )

Mayor's Permit

BOC-CIIS Certificate of accreditation

Contract of lease of cold storage/warehouse  
(or proof of ownership by the company)

Sketch-Map of cold storage facilities/warehouse

Two 2x2 ID Pictures (Owner and Representative)

**Note: Upon completion of all requirements, applicant should coordinate with the accreditation team (tel. no. 524-3706) for the schedule of orientation**

### Orientation/Briefing of the Owner and Representatives by the PQS Chief/PQS Technical Staff

- Presidential Decree 1433 & D.A.-A.O. # 18 (2000)
- Rules and regulations related to importation
- Allowable plants/plant products that can be imported
- Process of importation (process flow)-manual/automation
- Etc.

**Note: After orientation, the applicant will be interviewed by the PQS-Chief after which, inspection of facility will be scheduled**

### Site Inspection

(PQ Officer will inspect company office and cold storage facilities and/or warehouse)

**Note: If there will be a change in the facility- another inspection is required**

### Feed-back, Summary and Recommendation

(PQ Inspector will prepare inspection report of facilities, give recommendations if necessary, and summarize the application for accreditation)

**Note: recommendation may be for approval, re-inspection or for rejection of application.**

### Approval and Issuance of Certificate of Accreditation to the Importer

Certificate of Accreditation to be signed by the BPI Director  
upon recommendation for approval by the PQS-Chief

c o m m o d i t i e s	Category <b>1</b>	PROCESSED AND ARE NOT CAPABLE OF BRINGING IN QUARANTINE PEST(S)-- STARCHES, FLOUR, EXTRACTS, ROASTED/TOASTED PRODUCTS, FIBERS CAKES(TEA SEED,COCOA), FLAKES, POWDER/MEALS GRANULES/PELLETS/PROCESSED WOOD PRODUCTS	FOR REGISTRATION	PQS- CERTIFI - CATION  proforma/phyto- sanitary cert./GMO-nonGMO
	Category <b>2</b>	PROCESSED BUT ARE STILL CAPABLE OF BRINGING IN QUARANTINE PEST(S) -- FROZEN/ DRIED/DEHYDRATED/PEELED/CHOPPED FRUITS & VEGGIES, POLISHED GRAINS/BEANS, SPICES CEREALS/OATS, CHIPPED WOOD(<6MM). ETC	FOR ACCREDITATION	IMPORT PERMIT  proforma/phyto- sanitary cert./GMO-nonGMO
	Category <b>3</b>	RAW/UNPROCESSED-FOR CONSUMPTION OR FOR MANUFACTURING/PROCESSING FRESH FRUITS/VEGGIES, SEEDS & GRAINS FOR FEED MFG, PEAS,BEANS&NUTS, CUTTFLOWERS TIMBER/LOG/LUMBER	FOR ACCREDITATION	IMPORT PERMIT  proforma/phyto- sanitary cert./GMO-nonGMO
	Category <b>4</b>	RAW-FOR PLANTING(PROPAGATION & RESEARCH)- WHOLE PLANTS, CUTTINGS, STEMS SCIONS, SEEDS FOR SOWING, SEED POTATOES PLANTS IN VITRO, ETC.	FOR REGISTRATION	IMPORT PERMIT  proforma/phyto- sanitary cert./GMO-nonGMO

## ANNEX II. Guidelines For Facility Inspection

### Warehouse - Inspection Report Bureau of Plant Industry Plant Quarantine Service
