ESTABLISHMENT OF PRODUCTION FARMS TO INCREASE SOW BREEDER BASE FOR RFO II, III, IV-A and VII AS INDICATED IN THEIR RESPECTIVE WORK AND FINANCIAL PLANS FOR CY 2023

Republic of the Philippines
OFFICE OF THE SECRETARY
Elliptical Road, Diliman 1100 Quezon City
+63(2) 8928-8741 to 64 and +63(2) 8273-2474

Considering the sizeable decrease in the breeder base population in Regions II, III and IV-A and considering further the regions' proximity to the National Capital Region, it is imperative to restore the Regions' flourishing pork production to ensure adequate and accessible supply within NCR and its surrounding areas.

Likewise, considering that Region VII is a green zone area and is therefore suitable for breeder base expansion and that for the last two and a half years said Region have consistently provided finishers hogs for slaughter to Metro Manila and breeders to other parts of the country; it is important and essential that Region VII be continuously supported to maintain and capacitate its flourishing swine industry thru the INSPIRE Program.

In this regard. Regions II, III, IV-A, and VII are authorized and allowed to provide budgetary assistance to qualified FCAs and implement Component 2 of the INSPIRE Program which provides for the recovery of the pre-ASF breeder base population through the establishment of multiplier and production farms to produce genetically superior gilts and finishers animals, as indicated in the CY 2023 Work and Financial Plans under the National Livestock Program.

Provided however that qualified FCAs comply with the requirements as specified in Section VII. Provided further that the following additional requirements are complied with:

1. Existing farm is vacant
2. Existing farm has Biosecurity Level II
3. Existing farm has a minimum capacity of 300 sows

The funding coverage of 10 Million includes the following: procurement of 220 PS/F1 stocks, feeds, biologics, test kits, and disinfectants.

Moreover, the recipient shall "pay" the Department of Agriculture the equivalent amount in terms of breeders provided and distributed to other identified FCAs.

5. Section IX. is hereby amended to read as follows:

As used in this guideline, this scheme shall encourage and enjoin the more advanced DA-Accredited CSOs to "Adopt" smaller cooperatives and associations to become their "mentors" purposely guiding them in the implementation of the Project. As such, "Big Brother" shall provide utmost administrative and technical support to the "Small Brothers" up to such time that the provisions contained in the Memorandum of Agreement have been complied with. Recipients of this scheme shall be subject to the review, evaluation, and approval of the Regional Executive Director.

7. Special Provision is hereby added to read as follows:

SECTION XI. SPECIAL PROVISION

OFFICE OF THE SECRETARY
Elliptical Road, Diliman 1100 Quezon City
+63(2) 8928-8741 to 64 and +63(2) 8273-2474

Given that Regions VI and VII are also a green zone area and thus suitable for breeder base expansion, and that said Regions have consistently provided finishers hogs for slaughter to Metro Manila and breeders to other parts of the country over the last two and a half years, it is vital that Regions VI and VII be continuously supported to maintain and capacitate its flourishing swine industry through the INSPIRE Program.

Given these, Regions VI and VII are authorized and allowed to provide budgetary assistance to qualified stakeholders and implement Component 2 of the INSPIRE Program through the establishment of 30 Sow-Level Multiplier and Techno-Demo Farms to produce genetically superior gilts and finishers. Regions VI and VII shall follow the implementing guidelines used by the Agricultural Training Institute - International Training Center on Pig Husbandry.

The allocation would be sourced from the "Community-Based Swine Production and Expansion Thru Clustering and Consolidation" Project as indicated in its Work and Financial Plan for CY 2023

8. Section XI is hereby revised to read as follows:

SECTION XII. Supplementary Guideline

The DA-RFOs may issue a supplementary guideline to facilitate the orderly implementation of the Project subject to the review and recommendation of the National Livestock Program Director and approval of the Secretary.

9. Section XII is hereby amended to read as follows:

SECTION XIII. Effectivity

All other provisions in **Memorandum Circular No. 25 series of 2022 shall remain in order.**

This Memorandum Circular shall take effect immediately and shall remain in force unless revoked in writing. All orders, memoranda, and other issuances inconsistent herewith are deemed revoked.

Done this 06th day of DECEMBER 2023.
